Department of Dravya guna, Seth Govindji Raoji Ayurved Mahavidyalay, Solapur is always engaged in conservation and propagation of medicinal plants especially the rare and endangered species. The activities done for the same are as follows

1) **HERBAL GARDEN:**

Department of Dravys guna has a well-developed herbal garden where conservation and propagation of rare and endangered species is done. Currently we have conserved 641 plants and 271 species of Medicinal plants some of them are rare and threatened eg Ashok ( Saraca indica ), Narkya (Nothopodytus pneumoniana), Rakta chandana( Pterocarpus santalinus) , Shonak( Oroxylum indicum), Bramhi ( Centella asiatica) etc.

2) **WORLD ENVIRONMENT DAY CELEBRATION:**

We celebrate world environment day every-year-on 5<sup>th</sup> june by planting-the medicinal plant species in Sholapur area.

We also take the plantation drivers as per notifications of Government and MUHS.

3) **MEDICINAL PLANT NURSERY :**

We grow the saplings of medicinal plants from the seeds and branch cuttings of the available medicinal trees in our garden and gift them to general public in this way the medicinal plants will be propagated to the various areas.
